

>> **Industry extended abstracts can be submitted until May 21st, 2012.**

- **Submit by email to:** icgse2012@gmail.com This e-mail address is being protected from spambots. You need JavaScript enabled to view

Submissions are invited for technical papers describing unpublished, original work, in any of the following categories:

- **Research papers** that describe theoretical frameworks, technical solutions, or empirical studies. Maximum length 10 pages.
- **Industry papers** that describe problems, lessons learned, solutions implemented and challenges encountered in industrial global software engineering environments. Maximum length 5 pages.
- **Industry extended abstracts** that summarize global software engineering approaches and experiences in industry. Maximum length 2 pages.
- **Educational papers** that report experiences in teaching global software engineering. This includes not only education at the university level, but also corporate training. Maximum length 5 pages.

Papers should be submitted as PDF files which conform to the two-column IEEE CS Press format (templates available [here](#)). Accepted papers as well as extended abstracts will be published in the conference proceedings by IEEE CS Press and be available in the IEEE CS Digital Library. Selected papers will be invited to submit an extended version for a special section on Global Software Engineering in the [Empirical Software Engineering Journal](#), published by Springer. The papers will go through the normal review process for the journal.

>> **Workshop papers can be submitted until May 15th, 2012 (new submission date).**

- All workshop submissions should be made electronically, in PDF format, through EasyChair: <https://www.easychair.org/conferences/?conf=icgse2012ws> . The papers must follow the ICGSE 2012 Format and Submission Guidelines.
